+639760760951

EDUCATIONAL BACKGROUND

BS Computer Engineering
Adamson University
900 San Marcelino St. Ermita, Manila City

WORK EXPERIENCES

Pru Life UK
Web Developer
December 2023 – January 2025
8741 Paseo de Roxas, Makati, Metro Manila

- Stack: React, Node.js, Next.js, Fastify, MySQL, MongoDB and Jenkins
- Maintained PLUK applications, resolving identified bugs
- Developed Node.js based automations and bash scripts to streamline workflows
- Acted as part of the deployment testing team for backend services to ensure stable releases
- Monitored Kubernetes pods to identify issues and escalate operational concerns

MedGrocer
Web Developer
January 2023 – April 2023
Centuria Medical Makati, Metro Manila

- Stack: Bulma, React, Gatsby, Node.js, and Next.js
- Maintained web applications for various business units
- Used Make (Integromat) to automate workflows using webhooks and custom logic
- Integrated Airtable, leveraging its API for dynamic content management
- Built responsive UI components using Bulma and React for consistency across platforms

Department of Justice
Web Developer
November 2021 – November 2022
Padre Faura Street, Ermita, Manila

- Stack: React, Node.js, PHP, MySQL and Docker
- Developed web-based applications to meet the demands of the agency
- Set up Docker-based development environments for consistency across teams
- Implemented role-based authentication systems to secure user access across applications
- Tested and validated APIs using Insomnia to ensure correct functionality and performance

SKILLS

React.js	React Query	Express.js	GitHub Actions
ShadCN	Next.js	MongoDB	Jenkins
Zustand	TypeScript	MySQL	Kubernetes
Redux	Node.js	PostgreSQL	Sanity

ONLINE COURSES TAKEN

- **JavaScript Simplified**
javascriptsimplified.com
 - **React18**
codewithmosh.com/p/ultimate-react-part1
 - **Mastering TypeScript – 2023 Edition**
udemy.com/course/learn-typescript
- **Complete NodeJS Developer in 2023**
zerotomastery.io/courses/learn-node-js
 - **MongoDB Node.js Developer Path**
learn.mongodb.com/learn
 - **The Ultimate Next.js Series**
codewithmosh.com/p/ultimate-nextjs-series

PROJECTS
